Additional Term Life Features:

Continuation of Disability – If your active service ends due to disability, at age 60 or over, your life insurance coverage will continue while you are disabled. Benefits will remain in force until the earliest of: the date you are no longer disabled, the date the policy terminates, the date you are Disabled for 12 consecutive months, or the day after the last period for which premiums are paid. You are considered disabled if, because of injury or sickness, you are unable to perform all the material duties of your Regular Occupation, or you are receiving disability benefits under your Employer's plan.

Extended Death Benefit with Waiver of Premium – The extended death benefit continues your coverage without payment of premium, before you're eligible to qualify for Waiver of Premium, if you are continuously Disabled for 9 months prior to age 60. “Disabled” means, because of injury or sickness, you are unable to perform all the material duties of your regular occupation, or you are receiving disability benefits under a program sponsored by your Employer. Regular Occupation means the occupation you routinely performed at the time your Disability began. We/the insurance company will consider the duties of your occupations as those that are normally performed in the general labor market in the national economy. If you qualify for this benefit and have insured your spouse or children, the insurance company will also extend their coverage if applicable.

Waiver of Premium – If you become Disabled prior to age 60, and you remain Disabled continuously for a 9 month period and thereafter, you won't need to pay premiums for your life insurance coverage, provided we/the Insurance Company determine(s) you are Disabled. “Disabled” for this coverage means, because of injury or sickness, you are unable to perform the material duties of your regular occupation, or are receiving disability benefits under a program sponsored by your employer, for the first 12 months after your Disability began. Thereafter, you must be unable to perform the material duties of any occupation that you are or may reasonably become qualified based on your education, training or experience. If you qualify for this coverage and have insured your spouse or children, the insurance company will also waive their premium if applicable.

Accelerated Death Benefit – Terminal Illness – if two unaffiliated doctors diagnose you as terminally ill while the coverage is active, with a life expectancy of 12 months or less, the benefit for Terminal Illness provides up to:

Employee: 80% of your Term Life Insurance coverage amount or \$200,000, whichever is less.

Benefits will be extended without premium payment until the earlier of the date you are no longer disabled, or the date you fail to qualify for Waiver of Premium or fail to provide proof of Disability. **Waiver of Premium**— After premiums have been waived for 12 months, they will be waived for future periods of 12 months if you remain Disabled. This benefit will remain active until age 65 subject to proof of continuing disability each year.
